

DEMON DEFENSE

A Peggy Tatro Bridge Course

Did you know you can communicate with your partner on defense as to what to lead? Defense is the hardest part of bridge, but it can also be the most satisfying. To hold your opponents to the minimum number of tricks --maybe even defeat their contract-- can make you feel on top of the world.

This series of lessons will review the importance of the opening lead and continue with basic guidelines like "Second Hand Low" and "Third Hand High". Signals are essential to good defense, so several class sessions will be devoted to their use.

Most of all we will have fun and enjoy playing and improving! Come with or without a partner. Bridge classes are a great way to meet other local players for future partners or foursomes.

When: Tuesdays, June 27-August 1, noon - 2:00; (no class 7/4)

Tiburon Town Hall (upstairs, elevator accessible)

1550 Tiburon Blvd

5 weeks, \$125/ \$30 per individual class

POLISHING YOUR BASICS

A Peggy Tatro Bridge Course

This lesson series is the opportunity to solidify what you have learned and put it in practice! We will be sure to count winners and losers where appropriate; bid game or slam when the strength warrants; and touch on some elements of defense to try and defeat the opponent's contract.

If you have taken a beginners course or played some in the past, this would be a good series to review and broaden your understandings. Having fun is also "part of the game." Join in, laugh and have a good time while meeting other local bridge players.

When: Tuesdays, September 26 - October 31, noon - 2:00

Tiburon Town Hall (upstairs, elevator accessible)

1550 Tiburon Blvd.

6 weeks, \$150 or \$35/class
