### **Winning Tricks and Improving your Results**

Winning tricks is the name of the game! Bridge is defined as a trick-taking game – so, what is the best way to do this?

There are only a handful of methods for winning tricks...but knowing the best approach for the hand you are dealt is what is important.

- ♣ Should you finesse in order to make your contract, or establish dummy's long suit?
- ♣ Is promoting the high cards all that is required?
- ♣ Maybe discarding from dummy and trumping your losers is the way to go.

This course will examine the ways to win tricks, and help players implement the best method for the greatest reward. Who knows? You could start winning more tricks and making more contracts!!!

\$150 for 6 weeks

Tuesdays, 11-1

Tiburon Town Hall, 2<sup>nd</sup> floor

1550 Tiburon Blvd.

October 2 – November 6
